

Product Information

The lamp uses internationally advanced 4th generation electrical light source i.e. high performance white LED and rechargeable Li-ion battery. It has break through the conventional limitations as usage duration, brightness, weight, running-cost and safety aspect.

DFL-04 Police Torch

Technical Specification

Item		Unit	Spec
Light source	LED Power	W	1
	Luminous Flux	LM	60
	Lifetime	h	50,000
Power source	Capacity	mAh	2000
	Voltage	V	3.7
	Charge time	h	≤8
	lifetime	Cycle	500
Charger	Input voltage	V	AC110~240
	Output voltage	V	DC4.5
	Output current	A	1
Light duration		h	14 / 7
Illuminating range		m	30
Ambient temperature		℃	-20℃~40℃
Max surface temperature		℃	≤50℃
Dimension		mm	Φ34.5×138.0
Weight(incl cell)		g	186
Explosion-proof marking			Exib II CT4
Enclosure protection classification			IP66
